Our resources are accessible from our Web Site: [www.pristine-world.com](http://www.pristine-world.com)

God bless and keep you all safe and well,  
*Peter C. T. Lim for Pristine World*

Is the Biblical narrative based on historical facts? Are there any archaeological pieces of evidence to support the Bible? This book explores the following:

- The top 20 most significant discoveries that corroborate Biblical history.
- Who made these discoveries and how they were made.
- The process of deciphering ancient scripts and identifying those who broke the codes.
- Some of the individual conflicts and even national rivalries that arose during the acquisition of ancient artifacts.
- How ancient artifacts serve as evidence for the reliability of the Bible.
